

NYS & CSEA Partnership

Statewide Targeted Tuition Program for Nursing

Your Success is Our Success.

The Statewide Targeted Tuition Program for Nursing provides additional tuition assistance to CSEA-represented NYS employees. Eligible employees can receive up to two extra tuition benefits, per fiscal year, if they are enrolled in an RN or LPN program.

**Please Note: CSEA-represented NYS employees who participate in one of our targeted programs may receive two additional benefits each program year. If you earn more than \$5,250 in tuition benefits during a calendar year, it could be considered taxable income. For more information, please contact our Partnership Advisors at 518-486-1427 (Press Option 1) or email advisors@nyscseapartnership.org.*

For more information about the Tuition Benefits Program or the Statewide Targeted Tuition Program for Nursing:
